Join us for a three-part series that focuses on PBIS Tier 3 Support.

Is your school searching for ways to support students who demonstrate significant behavior during the school day? If so, this training will provide your team with information and guidance on how to develop systems to support those students.

Your team will be guided through the process of developing a Functional Behavior Assessment (FBA) and Behavior Intervention Plan (BIP).

It is important to remember that Tier 3 support is for students who have not responded to Tier 1 or 2 interventions, therefore requiring intensive and individualized social, emotional, and behavioral support.

It is highly recommended that participants attend as a building/district team as you will work together to develop an FBA and BIP for a student of your choice throughout the series.

Before each virtual session, teams will be expected to complete approximately 90 minutes of prework.

**All sessions are from
9:00 - 11:00 a.m.**
