

Reviewing the ETR & IEP for IDEA Monitoring (K-12)

virtual sessions

A vital part for a District's Special Education Internal Monitoring Process is the record review guide. Planning on developing an internal monitoring process? Already have an internal monitoring process implemented? Regardless of where you are in the process, join SST10 for a virtual session to review the components outlined in the record review guide that are required for a compliant ETR and IEP.

Suggested participants: Special Education Supervisors, Internal Monitoring team members, ETR team members and IEP team members.

Objectives:

- Understand how to use the record review guide.
- Develop a better understanding of the components required for compliance per IDEA.
